

EASTCOAST VACATIONS (SERVICES) PTY LTD

COVID-19 POLICY

You are in Safe Hands!

Eastcoast Vacations and Classic Holidays, and all our resorts, continue to adopt a “best practices” approach, using industry recommended standards and practices at all times in combatting Covid-19. Together, we make every effort to provide a safe environment at each resort to help safeguard all our guests who stay with us, all the resort team of employees, and those who casually visit our resorts either to visit an owner staying at the resort, or our contractors who contribute in the day to day operations at our resorts. Social distancing is still recommended where possible and we strongly recommend, if social distancing can't be achieved, that you wear a mask along with regularly washing your hands with soap and water or using hand sanitiser.

Given the nature of Covid-19, trying to keep up-to-date can be difficult for everyone so it is important to review individual State Health Department advice and information before you travel, especially if you're travelling outside your own state.

Listed below for your convenience, are links to all State and Territory Covid-19 related websites. Please review these prior to booking and again before travelling, for your own safety.
